29 July 2010

Dear Colleagues

## NEW BEGINNINGS

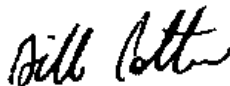

I am writing to tell you about exciting changes at IP First.

You will see from our new letterhead that we have moved to Varsity Lakes next door to Bond University. To mark a new era for us in this vibrant technology and educational precinct we have changed our name to **Varsity IP**.

Our new name also celebrates the two Gold Coast university graduates who have joined the firm. Kylie Mills, a Bond University honours graduate in Medical Science, is a registered trade mark attorney and is completing the patent attorney examinations. Beau Allison who has a degree in information technology from Griffith University is upgrading our computer systems and is specializing in IT related inventions.

We look forward to welcoming you to our new office in the near future and in the meantime will continue to look after your IP matters with our usual friendly cost effective service.

Best wishes,

**Bill Potter**
